Hip Arthroscopy Australia Publications

Scientific Peer Review Paper Publications

P Tran, M Pritchard, J O’Donnell. Outcome of arthroscopic treatment for cam type femoroacetabular impingement in adolescents. ANZJSurg 2012, Sept 3 (Epub)

O’Donnell J.”Hip Arthroscopy: Surgical approach, positioning and distraction”. CORR 2003 Jan (406) 29-37 Review

**Scientific Published Abstracts**

**Scientific Posters Exhibited**

Singh PJ, Field M, O'Donnell J. The outcome of arthroscopic treatment of greater trochanteric pain syndrome. – A retrospective review. ISAKOS, 14-19th May, Rio De Janeiro, Brazil, 2011

Scientific Presentations

Singh PJ. “The Peri-articular Space Portals & Access to the Psoas tendon & Sub-spinal space” ISHA Instructional Course Lecture September 27-29th 2012, Boston USA

O’Donnell J; Chairman, and Organiser, “Ligamentum Teres injuries. Identification and Treatment”. 1st Melbourne International Hip Arthroscopy Meeting, January 18-21 (3 day Hip Arthroscopy meeting with 13 International invited faculty, and 16 Australian faculty, Melbourne, Jan, 2012

O’Donnell J. The Outcome of FAI surgery in Australian Footballers. Ligamentum t, USA, 2012

Singh PJ, Field M, O’Donnell J. The outcome of arthroscopic treatment of greater trochanteric pain syndrome. – A retrospective review. Arthroplasty Society of Australia Scientific Meeting, Queensland, Australia, 1-4th June 2011

O’Donnell J. MORE HIP MEETING “Hip Arthroscopy-Joint preserving options in young patients”, Stresa, Italy 2011

O’Donnell J.75TH ANNIVERSARY MEETING.“Have Scope, Will Travel!”.ST VINCENT’S HOSPITAL, ST VINCENT’S HOSPITAL, Melbourne, 2011

O’Donnell J. Invited Lecture- “Microfracture”; Impingement of Ligament Teres Against a Posterior Bone Shelf and Burring off the Shelf; The Outcome of Arthroscopic Treatment for Cam Type Femoroacetabular Impingement in Adolescents; The Outcome of Arthroscopic Iliotibial Band Release in the Treatment of Lateral Hip Pain After Total Hip Replacement; Clinical Examination of the Ligamentum Teres- A Description and Validation of the Pods Test, 2011 ISHA, Paris

O’Donnell J.VU MEDI WEBINAR with JBJS (Br) Iliopsoas, 2011

O’Donnell J. “Diagnosis of Cam and Pincer Impingement” Arthroplasty Society AGM, Arthroplasty Society of Australia, 2010

O’Donnell J. CT 3D Scanning, So Much Information. ISHA, Paris, 2010

O’Donnell JM, Haviv B, Singh PJ. Outcome of arthroscopic debridement of the isolated ligamentum teres tear. 70TH Australian Orthopaedic Association, Adelaide, October 12-15th October 2010, Adelaide, Australia

O’Donnell J. FAI Surgery and Outcomes. AMSIG, Hobart, 2010

Evidence for hip arthroscopy – and outcome study of Australian Football league players. O’Donnell JM, Singh P.J. OISAKOS, Japan, 5th April 2009

O’Donnell J. The Indication for Hip Arthroscopy in Patients with Osteoarthritis”First International Conference on Anterior Approach to the Hip-Zurich, 2009

O’Donnell J. Haviv B. Arthroscopic Femoral Osteoplasty for Hip Cam Lesions in Different Stages of Chondral Damage. The Occurrence of Total Hip Replacement After Hip Arthroscopy in Osteoarthritis Patients. Israel Orthopaedic Association, Tel Aviv.2009

O’Donnell J. Arthroscopic Surgical Intervention in the Hip: Do we have the science to back it up? ISAKOS Invited Symposium, OSAKA, JAPAN 2009

O’Donnell J. Outcome Following Arthroscopic Treatment for Osteoarthritis of the Hip 2-7 Years. Results of Arthroscopic Treatment for Hip Conditions in Patients Under the Age of Twenty. Australian Orthopaedic Association Meeting, Cairns, 2009

O’Donnell J Hip Arthroscopy – Current Treatment and New Developments” Australian Orthopaedic Association, COE, Melbourne, 2005

O’Donnell J “Hip Arthroscopy” Hip Symposium, University of Melbourne, Department of Physiotherapy, 2003

O’Donnell J. “Hip Arthroscopy: Diagnosis and Treatment of Acetabular Labral Tears” - Sanctuary Cove, Queensland, 1998

O’Donnell J. Hip Arthroscopy: Technique and Treatment Possibilities”, Queenstown, New Zealand, 1998

**Live Hip Arthroscopy Surgery Demonstrations**
